*This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Called " the sick man of Europe " at the beginning of the 20th century, 100 years of history have done nothing to effect a cure on a thoroughly dysfunctional Turkey . Repeatedly rebuffed by the European Union because of its corrupt, chaotic and unstable internal affairs . Turkey's "modernist revolution," created by Kemal Ataturk and his successors, has failed to create a cohesive state . Instead it has increasingly divided the people of this once proud empire . Nowhere has this been illustrated more tragically than in the universal cry of despair among the victims and survivors of the devastating earthquake of 1999: "Where is the state?" . How and why has this happened? . How and why it happened typifies the chaos that is Turkey today . " Anatolia Junction - A Journey into Hidden Turkey " . by Fred A.
