When making life decisions we are too often overwhelmed by choices and feel there is no way to choose among them, or we may struggle to see the consequences of our choices. Wisdom is a term used to describe the human capacity to make beneficial decisions and treat others ethically, especially in complex and complicated situations. Although there is no one simple formula for being wise, this book will help you to find ways to think, judge, and act more wisely. You will learn skills to better understand other people, conduct a constructive life, pass fair judgments, make choices, resolve conflicts, behave appropriately, and deal with the hardships that life throws at you.
