

A Sustainable Vision For Urban India

By A K Jain

2008. Hardcover. Book Condition: New. 475 After 61 years of the Independence, India still has about one-fifth of its population, a mammoth 250 million, below the sustenance level or poverty line. It raises the question of the relevance of the planning process. It is necessary to have a hard look at the ongoing perceptions, process, plans and programmes., , The urban and environmental challenges of Indian cities prompts a reconsideration of the values, goals, and means of achieving them. There is a need of abandoning the prevalent reactive tendencies of urban form which follows fiction, finance, fear, and fragmentation. There is an urgent need to evolve the concepts and innovations in shaping the urban Environment by shifting the paradigm toward urban integration, which seeks to evolve ;, 1. A new model for the contemporary city, 2. design with nature, 3. local Character with global forces, 4. the professionals and the people of different cultures, incomes, ages, and abilities., , In place of fast-paced economy oriented development mentality, it is necessary to adopt the beauty of simplicity, spirituality, sincerity, and sustainability together with learning from the inherent WISDOM of nature and cities of the past, and infusing it with contemporary sensibilities....

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Ally Reichel

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
