Help students make up work due to mobility or frequent absences. Give credit for work the students have completed, even if the work is partially done. Recognize the knowledge and skills that the students have attained, while continuing to work on the knowledge and skills not yet attained. When the student leaves . . . If you have prior knowledge that the student is leaving, create a portfolio showing student work and the knowledge and skills the student has learned so that the next teacher will have an understanding of where the student is academically. If the student leaves without notice, give the portfolio described above to the school staff so that it can be sent to the next school when school records are requested. Technical Needs In advance of the student arriving . . . Have extra school supplies on hand. Have wholesome snacks or food in the classroom, as some students may come to school hungry. Know and coordinate with the school staff who can provide additional support to your students: school counselors, social workers, school nurse, etc. These support staff can link children and youth with services and make referrals to address technical needs. Get to know outside resources such as community school liaisons, Boys and Girls Clubs organizers, youth centers, and other afterschool programs so that you can seek help when needed. Coordinate with local homeless education liaisons for those students who appear to be experiencing homelessness. 15 P a g e This item ships from La Vergne, TN. Paperback.
