

## Learning About Fall with Children's Literature: Cross-Curricular Units Based on the Works of Eric Carle, Robert Kalan, Ludwig Bemelmans and More (Paperback)

By Margaret A. Bryant, Marjorie Keiper, Anne Petit

Zephyr Press, United States, 2006. Paperback. Book Condition: New. 277 x 216 mm. Language: English . Brand New Book.

Taking a thematic approach to learning that employs seeing, hearing, reading, and writing, these books outline three four-week, cross-curricular units that develop the competencies children need to become fluent, independent readers and writers. While each unit focuses primarily on language - phonic skills, structural analysis, punctuation, capitalisation, poetry, and comprehension - they also include math, science, social studies, music, art, and even mini-lessons in French for cross-cultural appreciation. Understanding that student ability levels in younger grades can vary widely, lesson plans are keyed to three types of learners: emerging, typical, and advanced. The series includes three titles that cover fall, spring, and winter, and each can be used independently or together throughout the school year.
