University of Wales Press. Paperback. Book Condition: new. BRAND NEW, Media French: A Vocabulary of Contemporary Usage, Adrian C. Ritchie, The first edition of this title was published by UWP in 1990 under the name "Newspaper French". The aim of this book is to provide an up-to-date guide to current French vocabulary as it is found in the contemporary press and media. The range of examples are drawn from newspapers, internet, journals and television. In addition, words relating to semi-specialised areas such as the legal sphere, banking and finance, administration, commerce and politics are also included. The book is not intended to fulfill the role of a dictionary, rather it is intended to be an easily accessible companion reflecting current French usage. Short examples are given for each word or phrase in meaningful context with English-translations of head-words. This new edition, by the original author, will reflect the impact of changing socio-political and cultural realities in France since the first edition was published 15 or so years ago.
