Not illustrated. 1915 Excerpt: .a game The grade for the question is the average, counting the indoor choice once, the outdoor choice once and the preference once. Since this grade is an average of three, one of them, however, a repetition, there is a slight tendency to increase the reliability of the grading over that of each sport singly. This tendency is probably counterbalanced by the fact that all possible sports are not included in the above list, and the grader must at times use his judgment in the matter. In view of these two facts, it is likely that the reliability of the grading is about.48. Question 7--Entertainments. The general method used in establishing a guide for the grading of magazines was followed here. Grading was upon the basis of zero to ten, and the judges consisted of four persons experienced in such work. The average correlation between the...
